“ Stan was a long-time friend and customer here at Cook Chevrolet Buick in Vassar. He was always such a gentleman and we always enjoyed his visits for service on his immaculate S10 pickup. We would like to extend our sympathies to his family and please know that he will be sadly missed. Rest in peace, dear friend.

“ Stan was our friend and he will be missed. Always interesting to converse with, he was a man who valued precision and order, evidence of which could be found in his home, his craft and workmanship, and in his garage! He restored a rifle for us - turned it from neglected to perfected - that we have since gifted to our grandson. We will always remember him, his talent and his personal charm. He was, one of a kind.

“ Forever remembered for his talent and genius in design and workmanship . He restored a family heirloom from my great grandfather (1863) and now I am able to pass this down in perfect order 150 years later. Thank you Stan for your time, your insight, your tremendous research library, but most of all for your friendship. Enjoy eternity in the happy hunting grounds! Tom Herzberg
